SUMMARY

I am a Full Stack Developer with over 3+ years of experience in Angular. I create strong web apps and connect the front-end with the back-end for complete solutions. I am passionate about technology and enjoy leading teams. I am excited to work on new and innovative projects and am dedicated to continuous learning. Outside of work, I love to travel and explore different cultures.

TECHNICAL SKILLS

FrontEnd: Angular, HTML, CSS, JavaScript
BackEnd: Express, NodeJs, MongoDB, Firebase, SQL
Developer Tools: Git, Github, Bitbucket, Jenkins, Vercel
Languages: JavaScript, Java, TypeScript, C++

EXPERIENCE

Technology Analyst - Software Developer
